REPORT OF POLICE DEPARTMENT

To the Board of Selectmen:

I hereby submit my annual report as Chief of Police for the year ended December 31, 1971.

A total of 27 cases were brought before the Lancaster District Court for disposition, the vast majority of them being motor vehicle.

Again in 1971 we had an excessive number of breaks (20). In 2 of these only malicious damage occurred. However, this is again far in excess of the number occurring in towns with 8 to 10 times our population. I believe this is due in part to the fact we do not have a full time police department. Four of these breaks can be taken care of as soon as time permits me to complete the investigation. As in the past, the majority of the places broken into are owned by our seasonal residents. Total value of items taken amounts to over \$3,000.00! It is for this reason that an article is in the warrant to establish a full time police department. I do not say that this will stop all the problems we or any other town have but should substantially reduce them. With the permission of the board I have submitted applications to two agencies from which we could possibly receive federal funds. I see no reason why this town would not be eligible for some of these funds and believe we should make use of them as the surrounding towns have done.

Now for the brighter side of the picture. Our application to the Highway Safety Agency was approved and we are receiving our funds. Also after two years, we have received payment for the second radio purchased. We originally were to receive 50% of the cost (\$757.00), but actually received 60%.

Total paid hours in 1971 amounted to 1,398½, and mileage totaled to 11,189. I did not attempt to keep track of the time and miles not charged this year, but feel the total would be approximately 20-25% more. A large portion of the time was used to check the property that is used only seasonally. This is almost the extent of the service the non-resident receives for his taxes.

Again I ask for the cooperation of everyone in town. If something is going on that you feel is not right give us a call, or make a note of it and let us know about it as soon as possible. The Lancaster Highway office (788-4641) and State Police in Twin Mtn. (846-5500) are both operated on a 24-hour basis. Either one of these offices will try to contact us or will have a car dispatched to check out the complaint as soon as possible. It is only with your help that these inequities can be corrected.

Respectfully submitted,

BRADLEY WHITCOMB

CONSERVATION COMMITTEE

The Dalton Conservation Committee meets on the first Wednesday of the month.

The picnic area was completed in the summer. The sign was erected and the picnic tables were finished and put in use.

Water was located on Edgar Smith's property and a hole was dug. There is still work to be done on it. When this is completed, about thirty homes and two businesses would be served.

A request has been made to the Ford Foundation for \$750.00 to fund an improvement project for the park next to Hazel Tillotson's. These monies are available to Conservation Commissions for projects of recreation, beautification, land use, control waste management, etc. in amounts up to \$5,000.00. The first \$750.00 requires no matching funds as do larger amounts.

It is hoped that we may get this project underway and completed by summer.
